

HRV Stewards Minimum Penalty Guidelines

These guidelines outline to all industry stakeholders the possible penalties which may be imposed for breaches of the Australian Harness Racing Rules (AHRR) and the determinations to be relied upon by the HRV Stewards in determining an appropriate penalty should an offence be proven.

These guidelines further serve to demonstrate that breaches of the more serious race day offences may incur significant penalties imposed by Harness Racing Victoria (HRV) Stewards to deter such offending.

2. Serious Race Day Offences

Required Racing Standard

2(a). AHRR 149 (1)

“A driver shall take all reasonable and permissible measures during the course of a race to ensure that the horse driven by that driver is given full opportunity to win or obtain the best possible placing in the field.”

Penalty Starting Point: 8 Week Suspension of licence to drive in races.

Minimum Penalty Imposed: 4 Week Suspension of licence to drive in races.

Factors Considered by HRV Stewards:

Drivers Plea

Should a driver plead guilty the driver will be afforded a reduction from the penalty starting point.

A low degree of culpability may result in the driver being afforded a reduction from the penalty starting point. Conversely a high degree of culpability may result in a significant penalty being imposed in advance of the penalty starting point of 8 weeks.

Driving Frequency

HRV Stewards will be mindful of the frequency in which a driver competes in races. For a driver to receive a reduction from the penalty starting point the driver must have driven in a minimum of 200 races the season prior. HRV Stewards may apply some discretion to this provision should a driver have missed driving opportunities through injury or other reason not associated with breaching the AHRR.

- The effect the drivers actions had on the final finishing position of the horse concerned;
- The circumstances of the rule breach.

A low degree of culpability may result in the driver being afforded a reduction from the penalty starting point. Conversely a high degree of culpability may result in a significant penalty being imposed in advance of the penalty starting point of 6 weeks.

Driving Frequency

HRV Stewards will be mindful of the frequency in which a driver competes in races. For a driver to receive a reduction from the penalty starting point the driver must have driven in a minimum of 200 races the season prior.
